

Women Build 2010

May 1st, 6th, 7th, & 8th

During the week leading up to Mother's Day, women of the Coulee Region will join with women around the world to help eliminate poverty by making a difference in building homes and communities. Habitat for Humanity's Women Build program brings women from all walks of life together to learn construction skills and then use those skills to build simple, decent affordable houses. This year women will be building a home in partnership with the Kee Xiong/Soua Thoa family and their six kids on Hope Court in Holmen. This will be the 32nd home for Habitat for Humanity-La Crosse Area and the fourth home built on Hope Court.
